---

ALCON,

Please see the attached draft agenda and directions/map for our 13-14 March discussion at MCAS Kaneohe, Hawaii. I will also include this in the meeting invite, but I know those attachments often don't come through.

If you have any questions or suggested changes, please let me know. I will plan on waiting near the main gate (H3) at 0800 on Monday, March 13 to help escort FWS personnel aboard and to the meeting location. My cell phone is below to coordinate, if necessary.

We plan on sending the Final Revised Biological Assessment via AMRDEC this Friday, March 3. Looking forward to a good discussion!

V/r,
